

Architects & Civil Engineers

Recommendation Letter

Dated 06/06/2018

It is my pleasure to recommend Alternate Angle Academy (AAA) led by Ar.Milind Surve and Ar. Snehal Jagdale Surve. I had got an opportunity to associate with the AAA team during my tenure as the ex-Principal of Asmita College of Architecture and currently as Principal of Smt. K. L. Tiwari college of Architecture. The need of bridging the gap between academics and Profession is a crucial need of the hour and I must say that AAA team was able to holistically achieve it. They were successful in teaching practical and theoretical aspects to students through their innovative teaching methodology. The confidence of students was seen building up immensely as they could learn the details of professional expectations. This made them ready for the market and were rightly groomed for the same by AAA.

I sincerely wish you all the very best. The profound learning methodology and pedagogy followed by AAA will definitely benefit the young budding Architects and prepare them to achieve their dreams.

Yours Sincerely,
